

portant? Does not the gain of votes in Wayne county help our ticket as much as though they were gained in any other locality? Do you know that the democratic legislature gerrymandered Wayne county into four different congressional districts? What was that for? Why, to use the normal 10,000 democratic majority of Wayne county to help carry four democratic congressmen through. Then you know the miser bill, if it stands, chooses presidential electors by congressional districts. They wish to utilize Wayne for four electoral votes. And this is not all. The next legislature will choose a United States senator. The democratic has this in view when they gave Wayne twelve representatives—about one-eighth of the entire house—and four senators,—about one-eighth of the senate. Isn't it important to put up a republican who can knock their representatives out? Four congressmen, four senators, and an undivided majority in the legislature to help choose a United States senator? And Fingree is the man to do it?"

**Fingree will stand well.**  
"You speak confidently; on what do you base your judgment as regards Fingree's strength?"

"I will tell you. I know the state pretty well. I know the public men in it, and the republicans all over it. I think I know the relative strength of the different men who have been mentioned for the governorship as well as anybody, and there is not one who will stand as well before the people as Mayor Fingree. He has the confidence of the business men, being a successful business man himself, and for twenty-five years well known to the business men of the state. He is a soldier, generous, liberal, whole-souled fellow, wide awake, sagacious, intelligent and sound through and through,—the people are with him. I believe him the most popular candidate the republican party ever had, and the fervor and enthusiasm his nomination would create in the party would insure a triumph at the polls that would redeem the state, governor, legislature, congress and electoral votes. This is something worth striving for, and Mr. Fingree as a republican candidate for governor is the man to bring it about. One more very important consideration is that his candidacy appeals directly to the fighting young republicans. During his incumbency as mayor of the city of Detroit, he has given recognition and encouragement to the younger element of the party in numerous instances, and as a very natural consequence the young men—those who do vigorous battle in every campaign, and to whom the work of both the present and future republican party must in a great measure be entrusted, are largely numbered among his most ardent and enthusiastic supporters. In other words, the strong, healthy and powerful current of young blood of the party which, save in very rare and exceptional cases, has been held in check has found a way of escape, and Mr. Fingree's gubernatorial candidacy is being embraced and invigorated in no small degree by its contact."

**WILL HAVE TO GO.**  
**No More Use for Cheap Show Lithographs.**

C. E. Bartlett of Philadelphia, agent for the Buffalo Lithographing company, is a guest at the New Livingston. "The demand for lithographs is constantly increasing," he remarked yesterday. "There are more and more of them being used every day, and all of them are doing well. Of course the demand for the highest type of lithographic work doesn't increase to any remarkable extent, nor could it be expected to. The highest grade of lithographs are necessarily very expensive, and there are comparatively very few of them made. On the other hand there is a decreasing demand for the cheap lithographs. The gaudy show poster with its ridiculously damnable blending colors and its unattractive attempts in the way of unbecomingly effects is happily falling into a state of innocuous desuetude. Of course they're used and will be used for some time to come, but public sentiment is against them and they will have to go. The time was when the public fairly gorged itself in the artistic contemplation of a three-sheet lithograph in seven colors, representing Canon Ball Bill in his giant feats of strength or the midday parade of the grandest and most unparalleled aggregation of wonders ever exhibited in this or any other city. But that doesn't any more. The lithographs that are in the most general demand now are the medium grade ones. These are used everywhere, but their most recent and rapid use has been by manufacturing concerns. The amount of this work done in this city is enormous. There is scarcely a manufacturing concern in the country that is not sending out lithographic cards and pamphlets. The amount of such work done in Grand Rapids is very large. All the large furniture concerns issue lithographs of their styles in furniture, and the constant change in styles requires at least two new sets of lithographs every year. This fact makes the Grand Rapids trade a very profitable one."

**Gossip of the Lobby.**  
John H. Fieders of St. Johns was a guest at the Morton yesterday. Mr. Fieders is one of the old-time democrats who have tailed and bled for the good of the party and the results that would follow. At present he is a member of the democratic state central committee.

Judge C. J. Fallthorpe of Potosky was among yesterday's arrivals at the Morton. Judge Fallthorpe presides over the newest circuit district in the state. He reports business lively in the north, and excellent indications of an unusually heavy summer resort season.

William H. Hughes of Detroit, publisher of the Michigan Catholic, was at Grand Rapids yesterday, looking after the Grand Rapids edition of his paper.

W. A. Scott of Lansing is at the New Livingston, the guest of his cousin, the Hon. John L. Lawrence.

C. C. Chittenden of Cadillac was a guest at the New Livingston yesterday. Mr. Chittenden is prosecuting attorney for Westford county.

Henry B. Lethrop of Detroit, inspector general of the Michigan state troops, was a guest at the Morton yesterday.

Dallas Bondeman of Kalamazoo, attorney for the Lake Shore road, was at the Morton yesterday on legal business.

Thad B. Preston of Ionia, one of the main spokes of Ionia county democracy, is a guest at the Morton.

Prof. H. S. Carhart of Ann Arbor is a guest at the New Livingston.

**SUNDAY SCHOOL DANCE.**  
The Universalist Benefit Club held a Pleasant Social Hop.

The Universalist Sunday School Benevolent Guard gave a ball in the Custer grand armory last evening for the benefit of the Sunday school. Music was furnished by Prof. Weinstein and his

assistants, and the dance was participated in by sixty couples. The club is an energetic organization, having for its purpose the raising of funds for the maintenance of the Sunday school. The club is composed of the following members: Misses Beane Walker, Calla Travis, Daisy Mosch, Gertrude Mosch, Floy Hilton, Eva Masack, Louise Schneider, and Messrs. F. Idema, C. Garrison, F. Max Barton, Louis Skeels, E. H. Cady, F. Gray, W. Hopkins.

**LAST OF THE SEASON.**  
The Y. M. C. A. Will Give a Stereoscopic Entertainment.

The last of the series of Y. M. C. A. indoor socials this season will be given Tuesday evening next in the association parlors. An interesting feature of the entertainment will consist of a number of stereoscopic slides, illustrating the association building movement all over the world, and other novel pictures which will be of great interest to Grand Rapids people. The reception committee and the Women's auxiliary have spent much time in preparing for the event. A. B. Richmond will manipulate the slides.

**BITS OF INFORMATION.**

Robert J. Roylan, one of the pioneers of Will county, died on Thursday, aged 80.

England declines to give its assent to the convention between the United States and Canada.

Florida will raise \$200,000 by popular subscription to make an exhibit at the world's fair.

The Wollaston foundry at Quincy, Mass., Thursday was burned. Loss, \$70,000; insurance, \$20,000.

Next Thursday the Michigan supreme court will meet to test the constitutionality of the Miner electoral law.

Reports to the Michigan agricultural department show the condition of wheat on May 1 to be slightly above last year's average.

The section men of the Western railroad after a three weeks' strike were granted an increase of wages by the company on Thursday.

Rev. Dr. Albert Westera, of New York, and Rev. Dr. J. C. Clinton, of North Carolina, Thursday were elected Moderators of the A. M. E. Zion church.

The suspension of the People's lottery in Montreal is announced. Thousands of tickets have been sold for which there will be no drawing.

Augustus Kountze, a New York banker, in his will bequeaths certain valuable property in Omaha and \$50,000 in cash for the Theological seminary at Omaha.

Robert C. Winthrop observed the 60th anniversary of his birth at his home in Boston. He is the oldest surviving speaker of the national house of representatives.

Gen. Gramer, prefect of the St. Petersburg police, is dead from the effects of an injection of the quack medicine, "Vitaline," which produced blood poisoning. There are other victims.

French, the cashier of the Deutsche bank, of Berlin, who absconded in July, 1891, after robbing the bank of 1,000,000 marks, has been arrested. Frank's stealing was carried on with the aid of a broker.

**In Memoriam.**  
OMAHA, Neb., May 13.—Memorial exercises were the order of the day in the Methodist conference, and appropriate services attended the announcement of the death roll since the last conference. The list contains the following names: John M. Phillips, Esq.; Rev. J. A. Baylies, D. D.; Gen. Clinton B. Fisk; Rev. J. M. Trimble, D. D.; Rev. St. James Fry, D. D.; Rev. Christian Blynn; Rev. George S. Hare, D. D.; Rev. M. M. Howard, D. D.; Rev. William H. Olin, D. D.; Rev. James S. Smart, D. D.

**Famous Crooks Caught.**  
CINCINNATI, May 13.—The man arrested in Mount Sterling, Ky., a few days ago for attempting to rob a bank there while the clerks were watching a circus parade has been identified by a Cincinnati detective as Billy Burke, alias "Bully the Kid," and the woman who was with him and who said she was his wife, as Sophie Lyons, wife of Ned Lyons, a famous crackman. Burke had \$40,000 in bills in his hand when arrested.

**New Road for Illinois.**  
SPRINGFIELD, Ill., May 13.—The Quincy, Beardstown & Havana Railroad Company has filed articles of incorporation with the secretary of state. It is proposed to construct a railroad from Quincy through the counties of Adams, Brown, Schuyler and McDonough to the Illinois river at a point opposite or near Havana or opposite or near Beardstown. The capital stock is \$2,000,000.

**Given a Five-Year Term.**  
MATTOON, Ill., May 13.—After occupying the time of the Coles county circuit court for three days the case of the People vs. Frank Hornak, who shot and wounded Judge Horace S. Clark of this city last fall, was given to the jury, and a verdict of guilty with a recommendation for a five-year sentence was rendered.

**Deacon on Trial.**  
NICE, May 13.—Edward Parker Deacon, who shot and killed his wife's lover, M. Abelle, is stopping at a hotel near Cannes awaiting the verdict. The charge is manslaughter, and the case, which has just come up, will probably occupy several days. Mrs. Deacon will not appear as a witness, as she has signed a deposition and left the country.

**Confederate Soldiers' Home.**  
NASHVILLE, Tenn., May 13.—The Confederate soldiers' home at the Hermitage was formally opened Thursday. The main building of the institution is now completed, and it will provide a home for 100 disabled veterans. It is surrounded by nearly 500 acres, once owned by Andrew Jackson.

**In Action.**  
SANTA FE, N. M., May 13.—New Mexico's handsome new capital building was destroyed by fire Thursday night. Owing to a quarrel in the late legislature no money was appropriated to pay for the insurance and the policies were allowed to expire. The building was valued at \$300,000 and is a total loss.

**Struck by Lightning.**  
SEDALE, Mo., May 13.—During a severe electrical storm Thursday night a switch shanty in the Missouri Pacific yards was struck by lightning, and Tim Gallivan, section foreman, Martin Crain, a switchman, and Pat Sherman, a section man, occupants of the shanty, were severely injured.

**Hired Girls are scarce.** at Coaco, and bears are numerous at Ontonagon.

## RUIN IN ITS WAKE

The Western Flood is Doing Great Damage

AMONG THE CITIES AND TOWNS

People Residing Along Its Banks Driven From Their Homes—High Water in Many Cities.

KANSAS CITY, Mo., May 13.—The danger line has been passed, and the flood is increasing every minute. The Missouri river is now a raging torrent and the town of Harlem is being covered. The signal official sent a warning messenger to that place at 9 o'clock Thursday evening and told the inhabitants to get out as quickly as possible and the exodus began at once. Water is now lying all over the low lands across the river and the bottoms are covered by the back water which has come in behind the dikes of the railroads. All the low lying parts of Kansas City, Kan., are now under water and in many cases the people were taken from their houses in boats, while several were compelled to wade through water up to their waists. The Kaw is running 3 feet deep over the stock yards of the Kansas City packing houses. The Kingman company's packing house has 3 feet of water in the basement and work has been suspended. The Fowler packing house is also in trouble and the horses are swimming around in the yards, as the water came up so suddenly that it was impossible to get them out in time.

**Loss of Life Reported.**  
From Arrow Rock, 100 miles down the river, news comes of the tearing up of several farm houses. The family of Peter Embury, five in number, living near there, is missing, and all are believed to have been drowned. James Galvin, a railway section boss, was drowned here Thursday night.

**Part of St. Louis Flooded.**  
St. Louis, May 13.—A rise of another foot in the river here will bring the water across the railroad tracks along the level at every point. The cellars of the buildings along the river front have more or less water in them now, the sewers providing channels for its influx. The warehouse of John Carney & Sons, between Walnut and Market streets, will have a loss of \$5,000 in cotton stored in the basement. Saloonkeepers, restaurant men and merchants of the levee are all losing considerable. The Burlington tracks are still submerged and the Merchants' Terminal tracks are covered, but not so as to suspend traffic. The union stock yards are in danger and men are now building a dike to prevent the water from reaching the yards. The residents of Madison, Ill., are in fear of the river overflowing the dikes. At noon the water was reported to be within 8 inches of the bank thrown up to protect the village. The low lands of Venice, Ill., opposite the northern part of this city, are now completely submerged, and the ferry company cannot land passengers at its station there because they cannot reach the shore over the bridge, which has scarcely been seen. On the banks of the Mississippi between the arsenal and River Desperes considerable has been done to squatters' huts.

**Thousands of Acres Submerged.**  
GLASGOW, Mo., May 13.—The volume of water from the upper Missouri, coupled with the ominous rise in the Grand river, has finally overshot the banks north of this place, and has now flooded the fertile section lying between the Big Muddy and the west fork of the Chariton rivers. The section referred to is known as the "Big Bottom," and comprises thousands of acres of land, owned largely by Germans, who reside on the premises. It is impossible at this hour to estimate the damage, though it is safe to predict it will be over \$100,000.

**MARSHALL, Mo., May 13.—**The Missouri here, at Miami and Arrow rock is higher than in years. Immense crop and farm property damage has already been done at Arrow Rock and more is threatened, as the river is still rising. Thousands of acres of wheat are submerged. All the farmers in the bottoms have been forced to fly, their houses being flooded. Many received the warning too late, and the work of rescue is now being pushed in boats.

**More Floods in Kansas.**  
TOPEKA, Kan., May 13.—All Kansas is again being visited by a deluge, the third inside of ten days, and this last is the worst of all. It is feared there will be a repetition of the great damage done by the previous storms. In this city the low suburbs are again all flooded, and one-third of the city is under water.

**In Texas.**  
AUSTIN, Tex., May 13.—Colorado river is on a 40 foot rise, and the lowlands are in serious danger of inundation for miles inland. The torrent comes from the tributaries of the Colorado, which has sources out in the Staked Plains country, which just now is receiving its first rain in three years. The whole country is reported under water, and hundreds of carcasses of dead animals that have died on the plains the last few months from starvation are being carried to the gulf in the raging torrent.

**Big Grist of Wolf Skins.**  
GALENA, Ill., May 13.—The greatest number of wolf skins ever brought into Galena at one time were brought in by a hunter Thursday. He had the scalp and hides of two grown wolves and twenty-six cubs, and received bounty amounting to \$150. Since March first the county treasurer has paid out \$400 in wolf bounties.

**Working Girls Charged with Murder.**  
ANNABERG, Ala., May 13.—In a row among the female employees in a cotton factory here, a young woman named Reba Brown was jumped upon and killed so badly that she died a few hours later. Ten of the girls have been arrested on warrants charging them with murder.

**All the Bodies Recovered.**  
ROLEY, Wash., May 13.—The bodies of all the victims of the terrible explosion in the Northern Pacific mine, forty-three in number, have been recovered. About 350 children have been left fatherless by the disaster, and in most instances they are so young that they are unable to help themselves. Subscriptions for the bereaved families are coming in liberally from cities and

towns of the northwest, several thousand dollars having been received already.

**AGAIN POSTPONED.**  
Action on the Methodist Constitutional Revision Carried Over.

OMAHA, Neb., May 13.—After a long discussion over the revision of the constitution Dr. Croucher's amendment was adopted Thursday. It reads as follows and constitutes a definition of the constitution of the Methodist Episcopal church:

"The section on the general conference in the discipline of 1888 as adopted by the general conference of 1892 has the nature and force of a constitution. That section together with such modifications as have been adopted since that time, in accordance with the provisions for amendment on that section, is the present constitution and is now included in paragraph 35 to 46 inclusive, in the discipline of the Methodist Episcopal church of 1888, excepting:

"1. The change of the provision for calling an extra session of the general conference from an unanimous to a two-thirds vote of the annual conference; and

"2. That which is known as the plan of lay delegation, as recommended by the general conference of 1888 and passed by the general conference of 1892."

The adoption of this was greeted with applause by the house and the galleries.

Dr. Buckley then moved that, as the church did not understand the second part of the report, it be postponed until the next general conference, and the previous question being demanded and ordered, a motion to table Dr. Buckley's motion was defeated, 199 to 214. Dr. Buckley's motion was carried, yeas, 293; nays, 190; thus disposing of the constitutional question.

**CATERPILLARS AT WORK.**

They Strip Forests and Delay Trains in North Carolina.

RALEIGH, N. C., May 13.—The caterpillars, which appeared a year ago in such numbers along the southern border of the state as to delay trains on the North Carolina Central railway, have again appeared. The trains have again killed many, but the vast body has marched into Columbus, Bladen and Robeson counties. Reports made by correspondents of the state agricultural department say the caterpillars have stripped the forests of all their leaves and are now moving slowly westward. They are much more numerous than they were last year. So far as reported they have not attacked the crops.

**BASEBALL AND BULLETS.**

OWENSBORO, Ky., May 13.—A fatal shooting affray occurred on the steamer J. C. Kerr, at Calhoun on the Green river, Saturday night. The Calhoun baseball club played a game with a raftsmen's nine during the afternoon and after the game all got drunk and commenced to fight on the boat. Each man had a revolver and began to shoot and when officers succeeded in stopping the row it was found that a man from Hartford named Hudson, a barber from this city, a fruit-tree salesman from Evansville, the two last named being passengers on board the boat, and George Irving, of Calhoun, one of the brawlers, had been shot and mortally wounded.

**CHOLERA MAY RAGE.**

Precautions Being Taken in View of the Apprehended Danger.

LONDON, May 13.—There is some reason to fear another extensive cholera scare this summer. Great precautions are being taken in view of the apprehended danger to put all possible obstacles in the way of the westward spread of the scourge from its breeding places in the Orient. At the request of the various European governments the authorities of Egypt are exercising unusual vigilance to prevent that country being traversed by the disease. It is epidemic in the interior of Arabia, and frightful accounts of its ravages come from that region. Hundreds are dying daily from this cause. At Harwar, where thousands have died, the epidemic is now abating. Fugitives from the stricken district arriving at the coast estimate the mortality at 15,000 during the last fortnight. Commerce is paralyzed and no caravans have arrived from the interior since the middle of April. The deadly effects of the disease are said to be unparalleled.

**From Michigan to Canada.**  
OTTAWA, Ont., May 13.—N. McInnes, the Dominion immigration agent, who has been operating in Michigan to induce disappointed settlers there to come to Manitoba and the northwest, has arrived here. He came to this city for the purpose of making arrangements for bringing 300 families into the Canadian northwest.

**A Generous Request.**  
OTTAWA, Kan., May 13.—E. V. Beisler, a Frenchman aged 80 years, who came to this country among the early settlers and who returned to France some time ago, has made a donation of all his property in this country to the Odd Fellows Home for Orphans. The property consists of a silk factory, with machinery, a cheese factory and 3,516 acres of improved farm land, the whole being valued at \$100,000.

**Horrible Method of Suicide.**  
MONTREAL, Can., May 13.—A wealthy farmer's son named Prevost wanting to die, tied himself to a tree by the waist and attached one end of a rope to the whiffletree of a team. With the other end he made a noose which he drew tightly around his neck. Then, using a bull whip, he cut the team a fearful slash. They started off at a tremendous pace and tore Prevost's head completely from his body.

**Death at a Wedding Ceremony.**  
BUFFALO, N. Y., May 13.—While his sister was being married at her home here Herman Lukach, aged 6 years, was playing in front of the house. He attempted to get a ride on a loaded wagon, but slipped and fell under the wheels and was killed. The corpse was carried into the house during the wedding ceremony.

**Poverty Causes Suicide.**  
ST. LOUIS, May 13.—Driven by poverty, John Williams and his wife agreed to commit suicide by drowning at different points in the river. Mrs. Williams tried twice, but was rescued. Thursday she went in search of her husband and found his body at the morgue. She, it is thought, will try again.

**\$50,000 Damages to a Building.**  
ST. LOUIS, May 13.—A dispatch from Omaha, Neb., says: The county hospital building, just completed, began settling Thursday from the effects of the recent flood and is now practically a wreck. The damage so far is estimated at \$50,000.

## DIE ON THE STREET

Yellow Fever Victims Perish in the Open Air

THEIR DEAD BODIES KICKED

Out of the Way by Military Officers to Make an Unobstructed Passage Way.

PHILADELPHIA, May 13.—The bark Samuel B. Hale arrived Thursday from Santos. Capt. Guphill died of yellow fever at sea March 18. Mate Westenberg's description of the prevalent yellow fever at Santos and the misery brought about by its deadly effects is horrible. He said it was no unusual thing to see the bodies of men and children lying along the narrow thoroughfares slowly wasting to decay. Every hospital was crowded, and the authorities were powerless. Officers of the government were seen to kick aside out of the thoroughfares the bodies of human beings who had died on the streets so as not to obstruct the pathways and once in a while large wagons gathered up the dead.

**Will Hold the Convention July 4.**

OMAHA, Neb., May 13.—At a joint meeting of the national executive committee of the people's party and the citizens' committee at Omaha Thursday morning it was formally decided to hold the national convention here July 4. Ex-Senator Van Wyck and Paul Vandervoort signed a bond of \$25,000 guaranteeing to properly provide for the visitors. The large Coliseum has been transformed into a hall and has a seating capacity of 7,000.

**Disaster in a Steel Mill.**

JOLIET, Ill., May 13.—One of the sixty-ton hydraulic compressors in the converting mill of the Illinois Steel Company's works fell Thursday. Three men were badly injured. Thomas Newbold, machinist, had his head badly crushed. John Gavigan, pipe fitter, was pinned for three hours, and one arm will have to be amputated. Arthur Ralph, machinist, is badly hurt about the head, and several others had miraculous escapes.

**Finest Church Chimes in America.**

BALTIMORE, Md., May 13.—The American announces that St. Alphonsus' Catholic church in this city is to have the largest and finest set of church chimes in America, and perhaps the largest in the world. There will be fifteen bells in the chimes, the largest three 200, the middle ones 150 and the smallest 250 pounds, the others ranging in regular scale. Their weight is to be 24,000 pounds.

**Big Pottery Burned.**

TRENTON, N. J., May 13.—The pottery of Thomas A. Maddock & Son, the largest sanitary ware manufacturers in this city, has been totally destroyed by fire. The loss will reach \$175,000; partially insured. One hundred and fifty men are thrown out of work. The cause of the fire is unknown.

**A Church Burned.**

MARSHILLON, O., May 13.—The First Methodist Episcopal church and the residence of Isaac B. Dangler, adjoining, have been destroyed by fire. Loss, \$75,000. Among the things destroyed were a fine organ and a clock worth \$1,400. The origin of the fire is unknown.

**Blow Down the Town.**

GUTHRIE, O. T., May 13.—The new town of Cheyenne, in county F., seems fated. On top of the Indian trouble comes a cyclone which on Thursday blew down every tent and house in the town. No one was killed, but several were badly hurt.

**Again Under Arrest.**

PARIS, May 13.—Anarchist Beala and the woman Soubert, who were acquitted of complicity with Ravachol in the recent trial, have been rearrested on the charge of complicity in the murder of two women at St. Etienne.

**Oil Depot Burned.**

SAN ANTONIO, Tex., May 13.—The storage depot of the Pierce Oil Company in this city was totally destroyed by fire Thursday night. Three tank cars, three large tanks and two tank wagons were destroyed. The total loss is \$70,000, partly covered by insurance. The fire was of incendiary origin.

**Highwaymen at Syracuse.**

SYRACUSE, N. Y., May 13.—Royal F. Fox, paymaster of the Solway Excavation Company, and James Houser, his driver, were held up at 10 o'clock a. m. just outside the city limits by two highwaymen and \$2,300 secured.

**Columbian Anniversary.**

WASHINGTON, May 13.—Chairman Durbin introduced in the house a resolution providing for the popular observance of October 12 as a holiday in memory of the discovery of America, and Senator Daines, at Mr. Durbin's request, did the same in the senate.

**Escaped Electrocutation.**

ALBANY, N. Y., May 13.—Gov. Flower has commuted to imprisonment for life the sentence of Henry C. Ganning, who was to have been electrocuted at Sing Sing prison during the week commencing next Sunday.

**Killed in a Mine.**

OROVILLE, Cal., May 13.—At Oroville, 15 miles from this town, Thursday three men named Jack Powers, J. C. Hall and L. F. Hall were mining in an old tunnel when it caved in and killed all three.

Look out for counterfeits, imitations, and substitutions, and be sure you get the genuine medicine. Dr. Pierce's medicine is sold at less than regular price by dealers in medicines not authorized to sell Dr. Pierce's genuine medicine.

To guard against fraud and imposition, the makers of Dr. Pierce's genuine medicines now sell their world-famous remedies only through druggists, authorized agents, and under a positive guarantee of benefit or cure, or money refunded. Authorized agents only can, under these regulations, furnish Dr. Pierce's genuine medicines, which always have been, are, and always will be, sold at the following prices:

Dr. Pierce's Golden Medical Discovery (the remedy for all diseases arising from impure blood), \$1.00 per bottle. Dr. Pierce's Favorite Prescription (the remedy for women's chronic weakness and derangement), \$1.00 per bottle. Dr. Pierce's Pleasant Pellets (the original little Liver Pills), 35 cents per vial. But they're the cheapest medicines sold, because you pay only for the good you get.

# WHEN SKIES WEEP!

It's the weepy time o' year. You don't know in the morning whether the afternoon will call for a sunshade or waterproof. Thanks to the genius who invented MACKINTOSHES, you needn't care. Or wind, or rain, or snow; blizzard or balmy brightness—all's one to you if you have a Mackintosh. Dressy in dressy times, safe and comfortable at all times. Some Mackintoshes aren't acclimated—won't stand heat. We don't keep that kind.

*Our Inverness Rain Garments*  
At \$4.85.

Are considered the greatest drive of the season. We can furnish you other and finer qualities, in plain or plaid, with military capes and in several different shades.

*The Cravenette Coat.*

This beautiful garment is light and appropriate for home or traveling purposes; is entirely inodorous and has not the slightest suggestion of rubber in it. You might turn a bowl of water in it and leave it there six months and not one drop of water would be absorbed.

Of course you must have an

# UMBRELLA?

Often saves weeks of sickness. Our styles and qualities are superb, comprising all the new novelties in heads and materials. You can begin pricing them at 50 cents and go way up as high as you like.

*Our Wash Dress Goods*

Counter shines resplendent with myriads of beautiful goods.

Voile Laine, a new and beautiful figured fabric in tinted grounds, 30 inches wide, cheap at 30c; our price 20c.

Llama Cloth, fine twilled goods, soft and pliable as cashmere, cream grounds with small contrasting figures, worth 18c. This week it will be sold at 12 1-2c.

Mamanitte, a fine wash dress fabric, entirely new here; we have diversity of styles, such as plaids and stripes, full 36 inches wide. We expect they will go with a rush when the price is known—this week 18c. per yard.

Silk West Zephyrs, admirable, you will say, for they are the peer of any wash goods made; in fact, their effect is equal to the most elaborate finish in the high class silks; strong as adamant to wear. These popular fabrics are 32 inches wide. Instead of figuring \$1.00, the regular prices figure 50c. per yard, our present price, and you can tell just what your dress will cost.

Silk Stripe Poplinette, 32 inches wide, superior to satine in effect and wear, sold everywhere at 35c., our price this week 25c.

There isn't another store in the West that can show a greater wealth of goods.

Rolling in great billows down the main aisles; heaped ceiling high on every side is the general situation.

**SPRING AND COMPANY**
